TRANSMISSION COOLERS

GM TRANSMISSION COOLER LINE

Braided stainless lines for distributing the GM's transmission fluid from the tranny to the cooler and back. Works with 700R4, 200-4R, 350, and 400 trans. Transmission adapters (converts to -6an) are included in the hose kit. You'll need the radiator adapters to go from 1/8" npt on the radiator to the -6 an on the hoses. All other fitting included.

TRANSMISSION COOLER LINE GOT-231101 139.99 KIT

IN-LINE FRAME MOUNT TRANNY COOLER

Finned aluminum coolers that mount to the frame rail or crossmember. Great for cooling the transmission in the smaller cars and trucks. There are dual pass, meaning the fluid goes in travels through and exits back out the same side it enters.

12 INCH LONG DUAL	RPC-R5050X	61.99 EA
18 INCH LONG DUAL	RPC-R5052X	72.99 EA

UNIVERSAL TRANNY COOLER KIT

Complete kit that includes a universal mount tube and fin style cooler, braided stainless hoses, and all fittings. Works with GM transmissions.

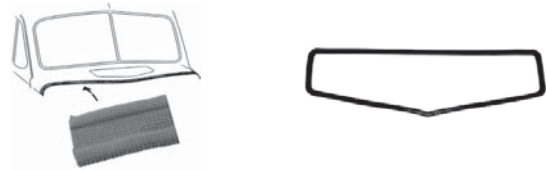

TRANNY COOLER GOT-231106 179.99 KIT
