PERTRONIX IGNITOR II

The Ignitor II has many of the same great feature that the Ignitor has, but its smarter. Ignitor II units sense the coil current level and use a powerful micro controller to adjust the dwell. Variable dwell helps to maintain peak energy throughout the entire RPM range.

1958-74 V8 CHEVY	PER-91181	121.99 KIT
FORD V8 SINGLE POINT	PER-91281	121.99 KIT

FLAME THROWER IGNITION COIL

Black or Chrome high performance ignition coil for use with the "Ignitor" or with other ignition systems. These offer 40,000 volts for added power, smoother response and better fuel economy.
