DYNAMAT X-TREME

When it comes to making your hot rod ride like a luxury car, Dynamat does the job. Dynamat is used by the world's top hot rod and custom builders because they know it makes their cars ride cool and quiet. Dynamat makes cars feel solid - doors and trunks slam snug, rain and wind virtually disappear and your interior becomes a quiet, comfortable cruising environment. Use Dynamat on the interior sheet metal of your vehicle to stop vibration and reduce road noise. Add a Dynamat brand thermo acoustic liners- such as Dynaliner, Extremeliner, Tac Mat or DynaPad to fight heat and low frequency hums from big engines and exhaust systems - and you've got the ultimate ride. Dynamat is the ultimate automotive accessory.

LIZARD SKIN

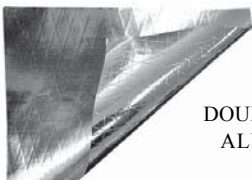

Premium spray-on insulation for all cars and trucks, street rods and customs, race cars, and more—wherever heat and noise are a problem. LizardSkin® Ceramic Insulation formula is an advanced, water-based composition of high-grade acrylic binders with air-filled insulating/reflective and sound-absorbing particles. Environmentally friendly, water-based Class A fire-rated No respirator needed. Can cover hard to reach places like inner door panels. Cleans up with soap and water. Proven aerospace technology enables LizardSkin® Ceramic Insulation to: Reduce engine and solar heat transfer by 25-30 degrees or more Reduce noise by 10-12 decibels or more Protect surfaces from moisture and corrosion Withstand temperatures to 500° F.

RADIATORS

Stock or custom made radiators are available for most cars and trucks. Call for prices and information on your application.

WALKER FORD/CHEVY CAR/TRUCK BRASS RADIATORS

Walker radiators are designed to fit and mount just like the originals. No alterations to grill shells, fenders, or aprons are needed. These are 4 row, brass radiators with an internal transmission cooler. Designed to work with 15-18lb caps. Five year warranty. We can get these radiators for Fords, Chevys, Mercs, Dodges, Plymouths, Buick, Pontiac, and Olds. Give us a call for your application.

Z-SERIES 4 ROW RADIATOR	STARTING AT	736.99 EA
Z-SERIES W/A/C CONDENSER	STARTING AT	884.99 EA

ALUMINUM RADIATORS

2 row Modine core aluminum radiators, built to fit your application. These are welded together radiators, built with factory mounting brackets and tabs. They are a direct replacement for the stock radiator, but in aluminum form. Modifications and custom radiators can also be built. Please call for more info.
